**VONR's primary purpose is to offer support to those who are trying to gain freedom from nicotine. We are a "voice" meeting site, meaning that our online meetings take place in a "voice enabled" room. We can literally talk to and hear each other share. We also have a message board for on-going communications, support, and fun throughout the day and night.**

**PC and Mac users** can go to the Paltalk website at: <http://www.paltalk.com> to download free Paltalk software client, and install it on your PC or Mac computer. Then create an account with a username and password on your own computer. When you click on the Paltalk icon on your desktop, it automatically connects you to Paltalk.

**iPhone, iPad, and Droid** apps are also available from their respective app stores, for free. Select **Chat Rooms > Health > Overcoming Addiction > Voices of Nicotine Recovery.**

Any listing of businesses or organizations used to help us carry our message of recovery does not represent an endorsement of either by Nicotine Anonymous.
